SHIP OFFICERS FLEECE THE UN-WARY SEAMEN

INEXPERIENCED MEN WHO ACT AS HOSTLERS IN CARING FOR HORSES GOING TO EUROPE, ARE DECEIVED.

London, March 2.—Many Americans have been induced to ship on British steamers as horse tenders, then turned adrift penniless in England or France. Such vessels run from American ports to England and France with remounts for the allies. The men are wanted to care for the animals on the way over. They are assured they will be paid from \$15 to \$35 for their work and then supplied with a return ticket or an opportunity to work their way back on another steamer.

Upon their arrival they often fail to get the money promised and frequently are turned loose to shift for themselves. Sometimes they are given \$2.50 and an order for return passage on a ship sailing a month hence. Obviously the man cannot wait, and often he offers to work his way home for nothing.

These unfortunate men have been appealing for help to American officials in London. The American relief committee can help only Americans impoverished by the war; it cannot aid men who have come over since the fighting began. American officials in England and France are making every effort to discourage Americans from coming into the war zone, lured by promises of shipping agents in America, Norfolk, New York, Boston, Galveston, Baltimore, New Orleans and Portland, Maine, are the principal ports whence these steamers sail.

For years the mistreatment of American seamen coming to Europe on foreign vessels has been the subject of much complaint, but since the opening of the war conditions have become much worse. There are evidences of a general understanding between ship officers and shipping agents to fleece unsuspecting and inexperienced men.

MRS. LYON'S ACHES AND PAINS

Have All Gone Since Taking Lydia E. Pinkham's Vegetable Compound.

Terre Hill, Pa.—"Kindly permit me to give you my testimonial in favor of Lydia E. Pinkham's Vegetable Compound. When I first began taking it I was suffering from female troubles for some time and had almost all kinds of aches—pains in lower part of back and in sides, and pressing down pains. I could not sleep and had no appetite. Since I have taken Lydia E. Pinkham's Vegetable Compound the aches and pains are all gone and I feel like a new woman. I cannot praise your medicine too highly."—Mrs. AUGUSTUS LYON, Terre Hill, Pa.

It is true that nature and a woman's work has produced the grandest remedy for woman's ills that the world has ever known. From the roots and herbs of the field, Lydia E. Pinkham, forty years ago, gave to womankind a remedy for their peculiar ills which has proved more efficacious than any other combination of drugs ever compounded, and today Lydia E. Pinkham's Vegetable Compound is recognized from coast to coast as the standard remedy for woman's ills.

In the Pinkham Laboratory at Lynn, Mass., are files containing hundreds of thousands of letters from women seeking health—many of them openly state over their own signatures that they have regained their health by taking Lydia E. Pinkham's Vegetable Compound; and in some cases that it has saved them from surgical operations.

CITES DANGER OF ANOTHER WAR CYCLE

CHICAGO EDUCATOR URGES THAT A WORLD PARTY BE FORMED—PLAY SELECTED TO SHOW THE HORRORS OF WAR.

Chicago, Mar. 2.—A world peace party is necessary to prevent the inhabitants of the globe from passing into another war cycle, Charles F. Thwing, president of Western Reserve university, told a gathering held today at Sinai temple.

The meeting was held under the auspices of the Emergency Peace Federation, which conducted a national conference in Chicago during the last two days.

"There are some reasons for believing the world is again passing into a war cycle," Mr. Thwing said. "It is therefore necessary to establish a world peace party. It shall be a party, an association of people who think alike about the principles which underlie, and the methods which promote, peace. It shall be a party consisting of the peace people of every nation. We pledge ourselves as parts of society to use our influence to prevent war and to mitigate its evils."

Morris Hillquit of New York said: "Let there be no mistake. The ghastly war which is shaking Europe in its very foundations has been caused by the rivalry between the capitalists of different nations for foreign markets and colonies. It is not a war of patriots. It is a war of traders."

"If the people of this country will be loud, consistent and persistent in the expression of their horror at the criminal insanity of the war in the pulpit, platform and press, their constant exhortations ultimately may have a sobering effect on the blood-intoxicated European combatants. But above all we can set the world an inspiring example of a nation at peace with its neighbors."

It was announced at the meeting that the women's peace party, organized in Washington, D. C., in January, and of which Miss Jane Addams is president, had chosen Euripides' tragedy, "The Trojan Women," as the most poignant expression of the agony of women and children in war. It had been decided it was announced, to use the play as a means of creating in the hearts of the American people a realization of the most terrible and tragic consequences of war.

EAT LESS MEAT IF BACK HURTS

TAKE A GLASS OF SALTS TO FLUSH KIDNEYS IF BLADDER BOTHERS YOU.

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates thus ending bladder disorders.

Jad Salts cannot injure anyone; it makes a delightful effervescent lithia-water drink, which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.
